Author Correction: Calculation of external climate costs for food highlights inadequate pricing of animal products

Maximilian Pieper , Amelie Michalke & Tobias Gaugler 

Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-19474-6>, published online 15 December 2020.

The original version of this Article contained an error in Fig. 1 that omitted the Euro sign in an axis label. The y-axis should read ‘Monetary costs [C] in €/kg Prod’. The original Article also contained an error when reporting the proportion of grazing. The text should read ‘The feed of organic dairy cows incorporates a significantly higher proportion of grazing (29.5% compared to 5.0%)’.

These have been corrected in both the PDF and HTML versions of the Article.
